### Activities

- Emilia's friends are bringing round, thin, flat breads to her birthday party. Plan a special event with your child that includes favorite foods and recipe cards to share with guests.
- Look for different kinds of breads in your grocery store and notice which are round, thin, and flat. Decide with your child which kind you want to buy and taste at home.
- Make decorations for a special family meal or party. Encourage your child to draw flower shapes on colored or white paper, decorate them with colored markers, and then cut out the shapes. String the flowers together with yarn and hang them up.
