Activities

- Look at pictures of animals in magazines. Have your child cut out pictures of different kinds of animals that make good pets and paste them on bond paper. Staple the pages together to make a picture book. Have your child describe the animals in the pictures and write captions for each (i.e., "This is a small, white cat.").
- Have your child draw a picture of an animal or, if your child has a pet, have him or her draw or take a picture of that pet. Paste the picture on a piece of construction paper and write the name of the pet below it. Frame the picture.
- Discuss with your child how to take care of a pet. List the different responsibilities. If your child has a pet, encourage him or her to check off each responsibility as it is accomplished.
