## Activities

- Some of the drawings in this book are from a different perspective, such as in a tree looking down on the animals. Climb to the top of a long flight of stairs with your child, stop, and look over the banister. Go down the stairs and look at the same objects from the floor level.
- Visit a farm or local zoo so that you can see some of the barnyard animals that were mentioned in the book.
- Encourage your child to explore painting with different parts of feathers that have been dipped in water colors or poster paint. Feathers may be purchased in craft stores or collected on a walk with your child.
