Activities

- Make a counting book of familiar objects with your child by taking pictures, drawing, or cutting pictures out of magazines.
- Make a shopping list that includes a variety of groceries. Count the different items in various categories as you and your child are putting them away after shopping. How many fruits, vegetables, breads, cleaning supplies, etc., did you purchase?
- Look for the cat in the pictures in the story. After you have read the story several times, tell the story from the cat's perspective.
